MEMORANDUM

From R. J. McCartney Date March 18, 1969

To Dr. Raymond Wyman - Thompson Hall (Copy to Robin Brooks)

Subject Relationship of WMUA to Board of Trustees

In reply to your memo of March 17, (and indirectly to a prior inquiry from Robin Brooks) let me say that I would be happy to have any person designated by the students or policy board for WMUA relate to the Board of Trustees through my office. No doubt, the amount of business involved would be quite minimal. On the other hand, the Trustees do hold the licenses for WMUA and WFCR, and policy questions do come up from time to time.

Additionally, it could well be that members of the policy board and the faculty adviser would also like to maintain liaison from time to time, and this would be equally welcome.

May I count on you to convey these sentiments to the students and the policy board? Thanks.

Bob
